Dear Dr Saha,

Subject: Presentation of IDA Software on Dental Personnel Resources Management

It was extremely nice of you to have received me and offered me the usual courtesies when I visited your office on Tuesday afternoon, 13 December, 2016 to make a presentation of the software with mobile application developed by IDA that facilitates online registration of dental professionals in the country.

I must express my grateful thanks to you for sparing your valuable time to remain present at the presentation along with your IT personnel.

I am extremely happy to say that our efforts to establish an authentic database of dental personnel resources in the country are gradually bearing fruits.

I do hope that the Dental Council of India and its affiliates in the States will be able to suitably plan and implement the system at the earliest. You will agree that a uniform pattern of registration of dental professionals in the country would facilitate effective deployment of the dental healthcare personnel in the country.

I once again thank you for your cooperation and support in our combined effort to help improve the oral health conditions in the country.
