To
Presidents & Secretaries
State & Local Branches (Delhi)

Dear Colleagues,

Subject: Updated Central Government Health Scheme (CGHS) charges pertaining to oral and dental treatments and radiographic investigations in Delhi and National Capital Region (NCR)

Hope you all are doing well with the family in these challenging times.

It has come to our notice that Central Government Health Scheme (CGHS) rates for various oral and dental treatment related to Delhi & NCR has been issued recently, available at [CGHS package rate Delhi & NCR 2014 updated \(11 March 2021\)](#).

In order to understand, what NCR (National Capital Region) meant in true sense, we came across the site of [National Capital Region Planning Board](#) and [National Capital Region \(India\)](#) and were pleasantly surprised to note that Delhi & NCR involves 13, 8, 2 and 11 districts of Haryana, Uttar Pradesh, Rajasthan and Delhi respectively, covering an area of about 55,083 kms and population of 46,069,000 (2011 census). It would be meaningful to add that these (34) districts would be workplace of thousands of Dentists - oral health professionals.

Kindly be informed that the Central Government Health Scheme was started in 1954 with the objective of providing comprehensive medical care to the Central Government employees, both serving and pensioners and their dependent family members. The scheme is also providing service to members and former members of parliament, judges of Supreme Court and High Court, freedom fighters, former Governors, and former Vice-Presidents of India. Presently approximately 38.5 lakh beneficiaries are covered by [CGHS](#) in [74 cities all over India](#) and the endeavour is to include more cities to improve the accessibility of the services.

The fact that CGHS caters to the healthcare needs of eligible beneficiaries covering all four pillars of democratic set up in India namely Legislature, Judiciary, Executive and Press makes it extremely popular, and the charges suggested by CGHS is often taken as the benchmark in society.

Indian Dental Association (HO) has sent letters on few occasions in past to State, UT, and local branches for suggesting the **basic rationale priors** for various oral and dental procedure, in order to reach to an average basic rationale price and suggest the same to central, state and UT governments. This average rationale pricing could have helped improve the charges of various government schemes such as CGHS, ECHS, State sponsored health insurance schemes, among others.

Updating Delhi & NCR CGHS charges, without taking in confidence the private oral health professionals of Delhi and NCR, duly represented at the local and state level by Indian Dental Association is unfortunate. In this view, I seek to have opinion of office bearers of Delhi &
